

What's the difference between a Guide Dog and a pet dog?

(A humorous comparison)

GUIDE DOG

- I walk in straight lines on my handler's left side
- I stop at curbs and indicate where stairs are
- I can ignore dropped food
- I ignore reflections
- I ride in cars, buses, trains and aeroplanes
- I like cats
- I toilet on command at certain times of day
- You can take me anywhere!

PET DOG

- I can walk up walls with my owner on the end of the leash
- I chase cars and if stairs move, I'll chase them too
- FOOD!!! DID YOU SAY FOOD?
- Wow, he looks good... are you challenging me!?!?
- I bark at cars, buses, trains and aeroplanes
- I eat cats
- I help water every tree in my neighbourhood
- I'm your faithful companion at home

Guide Dogs.

Guide Dog or pet dog – we're still dogs! We all love running, chasing, cuddling and snoring. You humans mean the world to us!
